SHOWCASE RULES

1. All games will be played within the rules of the Manitoba Women's High School Hockey League with the following changes to game format listed below.
2. The female tournament will consist of two (2), four (4) team pools which will play a round robin format with their pool. Points will be awarded based on the following structure; 2 points for a win, 1 point for a tie, and 0 points for a loss. Teams will be ranked 1 through 4 in their respective pools according to their points earned in round robin play. The top two teams from each pool will move on to the playoff round.
3. In the event of a tie in the standings between teams the following format applies:
 - a. Head-to-head
 - b. Least goals against
 - c. The team that scored the earliest goal in its first game of the tournament
 - d. A coin toss.
4. In the playoff round, the home team will be determined by the above tie breaker.
5. **GAME PROCEDURES:** The games will consist of two periods of twelve (12) minutes and a fifteen (15) minute final period. If a game is running late, it will be at the official's discretion to reduce the game time down to 2 minutes to keep the games on schedule. All game periods are stop time. In the third period with a score difference of five (5) goals or more, the clock will be left on running time for the duration of the game, unless the difference in the score becomes less than 5, at which time the game will revert to stop time.
6. **OVERTIME:** **There will be no overtime in round robin games.** All playoff games will be played to a win. After a two (2) minute timeout, there will be one ten (10) minute stop time sudden death 3 on 3 overtime period. Changes will only be allowed on the fly. (MWHSHL OT rules will be followed) If the game remains tied following the completion of the 3 on 3 overtime, there will be a three (3) round shootout between both teams. Three (3) players will be chosen by the coaches to shoot. The visiting team shoots first. At the end of three (3) rounds, if the tie remains, a sudden death shoot out will continue. If one player is successful and the other is not, the win is awarded to the successful player's team. All players must be used before being able to repeat a shooter regardless of the size of the rosters on each team.
7. All on-ice calls by the referee are final.
